Ethical Scenario.

1. Assumption gathering – what assumptions are we making around the scenario?

2. Problem defining - what's informing us in defining the problem? Clarifying the dilemma?

3. What else do we need to be considering?

4. What ethical thinking processes are we using to address the ethical concern and what is informing this?

5. How might we look to the literature to assist us in our ethical thinking and problem solving in this scenario?

6. Outline you possible course of action or resolve around the dilemma – support yourself with clear process and evidence.
